

INVITATION TO TENDER

Morupule Coal Mine (MCM) is a mining company established in 1973 to mine and unlock true value of coal for all stakeholders. The MCM business is at the heart of a prosperous future for Botswana with coal production contributing significantly to the economic development of Botswana. The Mine is owned by the Minerals Development Company Botswana (MDCB) a mining investment entity of the Government of Botswana. Morupule Coal Mine is located 7 km northwest of the urbanised village of Palapye (the fastest growing centre outside the capital city of Gaborone), along the Serowe-Palapye national highway (A14). The company's vision is 'To be a partner of choice in the energy transition'.

MCM invites suitably qualified and accredited service providers to tender for the following:

Predictive Analytics Platform for Morupule Coal Mine - MCM-ENG-00-204-2602-CF-0

The critical aspects of the scope of works (SoW) are as follows but not necessarily limited to;

- Aggregates data from heterogeneous OT/IT sources in near real-time.
- Uses rule-based analytics and machine learning to interpret & correlate data points to detect anomalies and predict failure risks based on previous scenarios or data points correlations.
- Produces asset health data and improvement opportunities for reliability, energy, emissions, and environmental performance.
- Scales from an initial asset population (selected underground, surface & services equipment) to full mine deployment without platform re-design.
- Capability to integrate with maintenance and operational systems for decision support and (where approved) automated work initiation.
