Botswana International University of Science and Technology (BIUST) Executive Management visited Morupule Coal Mine's Motheo Project opencast operation. The two institutions are cooperating for research and development amongst other aspects in their Memorandum of Understanding.

MCM Citizen Economic Empowerment Programme (CEEP), hosted the first of several stakeholder engagements beginning with Financial Institutions and Funding Agencies . This is in line with the company's continued commitment of positively contributing to the sustainable development and growth of the economy of Botswana through Citizen Economic Empowerment.

The Corporate Affairs section recently rolled-out a Mine Tour programme for employees to see the underground operation and Motheo Project opencast mine. The tours are a refresher and a first for some who are surface workers.

Mining Engineering students from BIUST visited MCM to see and appreciate underground operations. The students are currently undertaking a mining course and the visit will enhance their understanding of the subject.

Mr Agisanyang Dingalo from Business Improvement awarding the Speedy Monitors from Laboratory with the MBA of the Month award. The Laboratory has scooped the award for the second time this year.
