Councilors from Palapye Administrative Authority Sub Council visited the P25 million (twenty-five million Pula) multipurpose stadium being built in Palapye. The purpose of visiting the construction site was to check progress of the project. Phase I of the project is sponsored by MCM and will be complete by end of year.

Mining students from BIUST visited MCM Another milestone for MCM at the opencast mine as the first coal has been exposed after safely conducting 20 blasts. The Box-cut is 40 meters deep now and No. 2 Seam coal has been intercepted. This weathered coal will be used to dress the ROM pad as well as the slow conveyor discharge area, in preparation to receive the main coal. Mining of overburden will continue as more waste have to be moved to expose the main coal.

Mining students from BIUST visited MCM to see and appreciate underground and Motheo project opencast mining operations. The students are currently doing their third year in mining course and the visit will enhance their understanding of the subject.
