

INVITATION TO TENDER

Morupule Coal Mine (MCM) is a mining company established in 1973 to mine and unlock true value of coal for all stakeholders. The MCM business is at the heart of a prosperous future for Botswana with coal production contributing significantly to the economic development of Botswana. The Mine is owned by the Minerals Development Company Botswana (MDCB) a mining investment entity of the Government of Botswana. Morupule Coal Mine is located 7 km northwest of the urbanised village of Palapye (the fastest growing centre outside the capital city of Gaborone), along the Serowe-Palapye national highway (A14). The company's vision is 'To be a partner of choice in the global coal transition'.

MCM invites well established, experienced Botswana registered Service providers to tender for:

I. **MEPP Downhole Geophysical survey, Tender No. M0600-MEP-0054-00-00-CF-0**

The project will collect additional geophysical data to support the ongoing studies. The works tendered covers; Downhole Geophysical survey to define coal limits, fault detection and igneous intrusion(dyke). Geophysicist/Geologist will supervise the activity and be responsible for timely and collect correct data.

Only contractors and service providers who can demonstrate the following are invited to tender:
